

Spring Fuel Delivery Tips!

PROPERTY ACCESSIBILITY DURING A DELIVERY

- Driveway is clear of cars, bikes, boats, and trailers
- Path leading up to the tank is clear
- Dogs and other animals are inside

TANK OR FILL PIPE ACCESSIBILITY

- Unlock any gates
- Clear the area around the tank of debris, trash, and dog waste
- Bees, hornets and wasps are attracted to the smell of propane and often make nests in the lids of propane tanks. We'll always check before opening the lid.

Unfortunately, if your tank or fill pipe is inaccessible for any reason, we will have to reschedule the delivery for another day.
